Bill,

I am sorry I can't attend the meeting tonight. Repealing the 10% rule for development of AG land is the most dangerous proposal to date, for the preservation of Kent counties prime farm land. The Comprehensive plan is clear in its priority to preserve and protect the farm land of the county. This proposal would do the opposite and spell a recipe for disaster for our Farm community. The development pressure from this proposal would be more than Kent's farmers could bear. Please share my concerns with the Task force. Thanks. Doug.
