Adolescent Clubhouse (Club F.E.A.R.)

"The AC model is a service to enhance the availability of recovery-oriented services to better address the needs of youth (12-17) impacted by, affected by, or diagnosed with an opioid use disorder (OUD) as well as their families. These efforts are also aimed to decrease future opioid related deaths in the population.

Services include, SUD education, Life Skills and social skills development, peer recovery support, age and developmentally appropriate recovery support groups, resource linkage, recovery-related workshops and family engagement events.
